

Contribution of the authors

Title: Designing a motor skill intervention for pre-school children in a low-income rural setting in South Africa: A Delphi study

Janke van der Walt conceptualised and designed the study, collected data and carried out the initial analyses, drafted the initial manuscript and reviewed and revised the manuscript.

Nicola Plastow and Marianne Unger coordinated and supervised the study including conceptualisation and data collection and interpretation and critically reviewed the manuscript for important intellectual content and reviewed and revised the manuscript.

All authors approved the final manuscript submitted and agreed to be accountable for all aspects of the work.
